To: All in the New York State Legislature who voted for the
Reproductive Health Act legalizing abortion up to the day of birth
which was signed into law on January 22, 2019

From: _____

How sad, evil, and wrong it was for you and your fellow legislators to pass this act allowing the killing of the most innocent among us. Human life is a sacred gift from God and should be protected from the first moment of conception. This evil act further undermines the morality and respect for life needed in our nation to be truly one nation under God with liberty and justice for all. To call this Act an act of respect for a woman's right to choose legalizes a choice that kills a human life. Choosing to do evil is never good. It separates us from God and one another.

I will continue to pray for an end to abortion and do all I can to reverse this evil law and all laws that legalize killing of the unborn.

With great sadness I am,

Thank you for sharing the gift of your child(ren) by sending him/her/ them to our Parish Religious Education Program. On the weekend of February 9-10 thousands of people from our parish took the time to send a letter to Gov. Cuomo and the New York State legislators who passed the Reproductive Health Act that was signed into law by Gov. Cuomo on January 22, 2019. This law legalized abortion up to the very moment of birth. The most innocent and vulnerable among us are being murdered. As Catholics we believe life begins at conception and is a precious gift. You as a parent are invited to print the letter below and send it to Gov. Cuomo and the legislators who passed this law expressing your support for the unborn.
